

Quick Guide for ZETA GROUP (CANADA) LTD.

Use this guide to choose the correct warehouse, check inventory, submit purchase orders/inbounds, create outbound sales orders, upload documents, and track order status.

Portal URL: <https://app.wms365.co/portal>

Username: celia@zetagroup.co.nz

Generated Jul 14, 2026, 7:27 PM. Use the temporary password provided in the welcome email. You may be asked to change it after signing in.

1. Sign In

1. Go to **<https://app.wms365.co/portal>**.
2. Enter your email and portal password.
3. Select **Sign in**.

Warehouse staff use a separate warehouse login. Customer portal users should always use the customer portal page.

WAREHOUSE SOFTWARE
WMS365

CUSTOMER ACCESS

Customer teams sign in here to review stock and release work.

Use your account-scoped WMS365 portal to review inventory, create sales orders, submit purchase orders, and export reports without seeing any other customer's data.

Inventory Visibility

Review only the stock assigned to your account with exports and filters built into the portal.

Order Entry

Create draft orders, release them to the warehouse, and track released, picked, staged, and shipped counts.

Purchase Orders

Submit expected receipts with item and shipment details before the warehouse receives the freight.

Build Visibility

Every portal page shows the live deployment label so your team can confirm the active environment.

Customer Login

Customer users sign in here to access the account-scoped WMS365 portal.

Support

Warehouse users should use the separate warehouse login page.

Automated access, scraping, AI analysis, reverse engineering, or copying of WMS365 is prohibited unless authorized by WMS365 ownership. The only authorized automation owner is k.prathab@gmail.com.

Deployment: v1.0.0 | Build 20260713-175517 | Ref A134A410

2. Select the Active Warehouse

1. After signing in, review the **Active Warehouse** selector in the top right corner.
2. If your company uses more than one warehouse, choose the warehouse you want to work with before creating a purchase order, delivery appointment, or sales order.
3. The portal will show a confirmation message and route new work to the selected warehouse.

For companies using multiple warehouse locations, select the correct active warehouse before submitting each inbound or outbound transaction.

ZETA GROUP (CANADA) LTD. is set up with Grey Wolf 3PL - Mississauga, Ontario and Olympia Transportation - Burnaby, British Columbia. Choose the correct active warehouse before entering an inbound or sales order.

4. Enter an Inbound / Purchase Order

1. Confirm the correct **Active Warehouse** is selected at the top right.
2. Select **New Purchase Order**.
3. Enter the purchase order/reference number, carrier if known, expected date, contact name, and phone number.
4. Add one line per SKU with the expected quantity.
5. Select **Submit Purchase Order**.
6. After submitting, open **My Purchase Orders** to track status and upload packing slips, BOLs, or product documents.

If the warehouse has not received the freight yet, status will remain open/submitted. Once freight arrives, the warehouse may check it in before full receiving is completed.

6. Enter an Outbound Sales Order

1. Confirm the correct **Active Warehouse** is selected at the top right.
2. Select **New Sales Order**.
3. Enter PO number, shipping reference, requested ship date, contact, and ship-to address.
4. Add order lines by selecting each SKU and quantity.
5. Select **Save Draft** if you still need to review.
6. Select **Release Order** when the order is ready for the warehouse.

If you select "Shipping label is attached" during release, a label or document must already be uploaded to the order. This prevents missed labels.
